

Exploring, Exchanging, Evolving: Sharing of Best Practices Visit by Ms. Revati J. Wali

Pune, Maharashtra | 24th September, 2026

Ms. Revati J. Wali, Principal of M.P. Shah English High School, Mumbai, visited our school on 24th September, 2026 as part of a Sharing of Best Practices initiative. Accompanied by Section Coordinator Ms. Vandana Sangle, Ms. Wali toured several key learning, innovation and student-support spaces across the school.

During the visit, she explored the Innovation-cum-Multiskilling Lab, Robotics Labs, Science Labs, Language Lab, Mathematics Lab, Library, Art Room and other strategically important areas. She was particularly impressed by the Innovation-cum-Multiskilling Lab and appreciated the manner in which the space encourages students to explore, create and develop practical skills. Her visit to the Library also provided an opportunity to discuss its role in nurturing reading, reflection and independent learning.

Ms. Wali also interacted with the school's Counselling Department, Wellness Coach and Special Educator, gaining an insight into the support systems available for students and staff. The Counselling Department shared its involvement in supporting the mental and emotional wellbeing of both students and teachers, highlighting the school's holistic approach to education. Ms. Wali was particularly appreciative of the genuine and heartfelt reflections shared by students through their reflection sheets, offering an authentic glimpse into their experiences and perspectives.

The visit provided a meaningful platform for an exchange of ideas around innovative pedagogy, experiential learning, student engagement, wellbeing, inclusion and the effective use of learning spaces. Ms. Wali's keen observations and appreciative feedback made the interaction a valuable opportunity for professional dialogue and mutual learning, reinforcing the importance of schools coming together to share what works, learn from one another and continually evolve their practices.
