

# Morning Assemblies on SDG 1 and Empathy

Pune, Maharashtra | 16<sup>th</sup> to 19<sup>th</sup> June, 2026

The school reopened for students of Grades VI to VIII on 15<sup>th</sup> June 2026. To mark the beginning of the new academic session with purpose and reflection, the CCA Team organised a series of Morning Mass Assemblies from 16<sup>th</sup> to 19<sup>th</sup> June, 2026. These assemblies were conducted by the students of Grade IX for students of Grades VI to IX and XI.

The objective of the assemblies was to introduce the Theme and Value of the Month in an engaging, thought-provoking, and meaningful manner. The theme for the month, SDG 1: No Poverty and Zero Hunger, along with the value Empathy, was presented through a variety of interactive activities, speeches, and student-led presentations.

Students shared their insights, experiences, and perspectives on the challenges of poverty and hunger, emphasising the importance of collective responsibility in creating a more equitable society. Through informative speeches and reflective discussions, they highlighted how empathy enables individuals to understand the struggles of others and extend support with compassion and kindness.

The assemblies encouraged students to think beyond themselves and develop a deeper awareness of social issues affecting communities around the world. By connecting the Sustainable Development Goals with everyday actions and values, the sessions inspired students to become more responsible, compassionate, and socially conscious citizens.

The series of assemblies was both informative and impactful, successfully fostering awareness about the global issues of poverty and hunger while reinforcing the importance of empathy as a guiding value in everyday life.
