
Representing India at Robotex International Championship: Congrats Anvi

Pune, Maharashtra | 19th July, 2026

S.B. Patil Public School is delighted to announce a remarkable achievement by Anvi Panhalkar of Grade V, who has secured First Position at the Robotex India National Championship, one of the country's most prestigious robotics competitions for young innovators.

Anvi's exceptional performance showcased her creativity, technical aptitude, problem-solving abilities, and innovative thinking, earning her the top honour at the national level. Her outstanding achievement has also secured her a coveted place on Team India, which will represent the nation at the Robotex International Championship to be held in Seoul, South Korea.

This accomplishment is a testament to Anvi's dedication, perseverance, and passion for robotics and technology. It also reflects the school's commitment to nurturing curiosity, fostering innovation, and providing students with opportunities to excel in emerging fields such as STEM, robotics, and artificial intelligence.

The entire S.B. Patil Public School community congratulates Anvi on this extraordinary milestone and wishes her the very best as she prepares to represent India on the global stage. We are immensely proud of her achievement and are confident that she will continue to inspire young minds with her determination and excellence.
