

Explore. Create. Inspire – A Celebration of Learning: The Grade III to V Student-Led Activities

Pune, Maharashtra | 29th August, 2026

Students presented interesting science experiments, engaging maths puzzles, language games, skits, and energetic dance performances. They enthusiastically took the lead in explaining and conducting the activities, making learning truly interactive and enjoyable.

On 29th August, 2026, our school hosted a vibrant Student-Led Activity (SLA) for Grades III to V based on the theme, "Explore. Create. Inspire." The event provided students with a wonderful platform to showcase their creativity, confidence, and learning.

Students presented interesting science experiments, engaging maths puzzles, language games,

A special highlight of the day was the active participation of parents, who explored the various activities and interacted with the students. Parents thoroughly enjoyed the experience and appreciated the students' efforts, confidence, and creativity. Their positive feedback and heartfelt testimonials made the event even more memorable.

The SLA was a wonderful celebration of learning, creativity, collaboration, and student leadership.
